

Video shows what women should do when pulled over on road

The Escambia County Sheriff's Office is producing a 30-minute video that shows women what to do if pulled over by an unmarked car. The video should be completed by March 1, Sheriff's Office Lt. Pat Spears said.

Three women and a 17-year-old girl have reported seeing a man impersonat-

ing a law enforcement officer. The first report was Jan. 20.

One of the women was sexually assaulted. The other victims were not hurt.

The suspect is described as a white male in his 20s or early 30s, about 6 feet 2 inches tall with dark, bushy hair, stocky build and a mole underneath his eye.
